

Make 30

You need...

A pencil, scrap paper, a dice and a partner.

What to do...

1. Both write 0 at the top of your piece of paper.
2. One person throw a dice and add the number on the dice to 0.

Write it on your piece of paper

$$\begin{array}{r} 0 \\ + 2 \\ = 2 \end{array}$$

3. The next person has their turn and does the same as the first person.
4. Keep taking turns until someone reaches 30.

To win you must throw the exact number to make 30!
